

Stakeholder Concern:

Although happy using a main hero image (as shown: index-02_static), Stakeholder has expressed an interest in utilising an animated logo on the site landing page. Advised that may be beyond scope of initial project, pending further Dev investigation.

Static landing page to be utilised as backup image if animated landing page is implemented.

Stakeholder Concern

Stakeholder has requested a “continuous wall of images” gallery style, filling the screen. Dev advised masonry (or comparable) effect.

Short artist bio to be supplied by RJW.

Page incorporates at least one embedded video of time-lapse footage of RJW's digital illustrative process.
